Summary

Creative and detail-oriented Web & Mobile Developer with a strong foundation in front-end and back-end technologies. Currently pursuing a Bachelor's in Computer Science at the Central University of Rajasthan. Experienced in building responsive, dynamic, and interactive web and mobile applications using HTML, CSS, JavaScript, TailwindCSS, React Native, and modern frameworks like Express.js and MongoDB. Skilled in API integration, animations (GSAP/AOS/anime.js), authentication, and database connectivity. Passionate about UI/UX, optimization, problem-solving, and building scalable solutions.

Education

Bachelor of Science in Computer Science

Expected: 2026

Central University Of Rajasthan, Ajmer

Experience

Fullstack Web Development Intern

June 2025 – September 2025

Unified Mentor Pvt. Ltd.

Remote

- Developed and maintained responsive web applications using front-end and back-end technologies, including JavaScript, Express.js, and MongoDB.
- Collaborated with the development team on building dynamic and interactive user interfaces with modern CSS frameworks like Tailwind CSS.
- Assisted in API integration and database management to ensure seamless application functionality and data flow.

Projects

Task Manager Mobile App (React Native)

A cross-platform mobile application for managing daily tasks with notifications and cloud sync.

- Built a fully functional mobile app using React Native with smooth animations and intuitive UI.
- Implemented user authentication, push notifications, and real-time data sync with Firebase.
- Designed for both iOS and Android platforms with a consistent user experience.
- *Technology Used:* React Native, Firebase, Expo, JavaScript, AsyncStorage

Career Guidance System (Full Stack)

Helps students discover strengths via aptitude tests, get personalized career recommendations, and explore suitable colleges.

- Developed a secure user authentication system and managed database schemas with MongoDB.
- Built a RESTful API using Express.js to handle booking logic and data management.
- *Technology Used:* HTML, CSS, JavaScript, Express.js, MongoDB, Node.js

Catering Reservation App (Full Stack)

A platform for users to browse catering services, view menus, and book reservations for events.

- Designed an intuitive user interface with Tailwind CSS for a responsive and modern look.
- Implemented back-end functionalities including reservation management and user profiles.
- *Technology Used:* JavaScript, Tailwind CSS, Express.js, MongoDB, EJS

Personal Portfolio Website

An interactive and responsive personal portfolio to showcase projects, skills, and experience.

- Utilized modern front-end libraries like GSAP and AOS to create engaging animations and user interactions.
- Ensured a fully responsive design for optimal viewing on all devices, from desktops to mobile phones.
- *Technology Used:* HTML, CSS, JavaScript, GSAP, AOS, Tailwind CSS

Technical Skills and Interests

Web Development: HTML, CSS, JavaScript, Tailwind CSS, Express.js, MongoDB, Node.js

Mobile Development: React Native, Expo, Firebase

Animation Libraries: GSAP, AOS, anime.js

Languages: English (Intermediate), Hindi (Upper Intermediate)

Areas of Interest: Full-Stack Development, Mobile App Development, UI/UX Design, Creative Design, Problem-Solving, AI Integration

Soft Skills: Responsive Design, Adaptability, Collaboration, Detail-Oriented
