Summary

Creative and detail-oriented Web Developer with a strong foundation in front-end and back-end technologies. Currently pursuing a Bachelor's in Computer Science at the Central University of Rajasthan. Experienced in building responsive, dynamic, and interactive web apps using HTML, CSS, JavaScript, TailwindCSS, and modern frameworks like Express.js and MongoDB. Skilled in API integration, animations (GSAP/AOS/anime.js), authentication, and database connectivity. Passionate about UI/UX, optimization, problem-solving, and building scalable web solutions.

Education

•Bachelor of Science in Computer Science
Central University Of Rajasthan, Ajmer Expected: 2026

Experience

•Full-stack Developer *Feb 2026 – Present*
Samyora Remote
- Developed and maintained full-stack web applications using modern front-end and back-end technologies.
- Designed responsive user interfaces, integrated RESTful APIs, and collaborated with team members to deliver scalable web solutions.
- Optimized application performance, fixed bugs, and improved code quality by following industry best practices and version control workflows.

•Full-stack Web Development Intern *June 2025 – September 2025*
Unified Mentor Pvt. Ltd. Remote
- Developed and maintained responsive web applications using front-end and back-end technologies, including JavaScript, Express.js, and MongoDB.
- Collaborated with the development team on building dynamic and interactive user interfaces with modern CSS frameworks like Tailwind CSS.
- Assisted in API integration and database management to ensure seamless application functionality and data flow.

Projects

•Career Guidance System (Full Stack)
Helps students discover strengths via aptitude tests, get personalized career recommendations, and explore suitable colleges.
- Developed a secure user authentication system and managed database schemas with MongoDB.
- Built a RESTful API using Express.js to handle booking logic and data management.
- **Technology Used:** HTML, CSS, JavaScript, Express.js, MongoDB, Node.js

•Catering Reservation App (Full Stack)
A platform for users to browse catering services, view menus, and book reservations for events.
- Designed an intuitive user interface with Tailwind CSS for a responsive and modern look.
- Implemented back-end functionalities including reservation management and user profiles.
- **Technology Used:** JavaScript, Tailwind CSS, Express.js, MongoDB, EJS

•Personal Portfolio Website
An interactive and responsive personal portfolio to showcase projects, skills, and experience.
- Utilized modern front-end libraries like GSAP and AOS to create engaging animations and user interactions.
- Ensured a fully responsive design for optimal viewing on all devices, from desktops to mobile phones.
- **Technology Used:** HTML, CSS, JavaScript, GSAP, AOS, Tailwind CSS

Technical Skills and Interests

Web Development: HTML, CSS, JavaScript, Tailwind CSS, Express.js, MongoDB, Node.js
Animation Libraries: GSAP, AOS, anime.js
Languages: English (Intermediate), Hindi (Upper Intermediate)
Areas of Interest: Full-Stack Development, UI/UX Design, Creative Design, Problem-Solving, AI Integration
Soft Skills: Responsive Design, Adaptability, Collaboration, Detail-Oriented

Certifications

- **Build Real World AI Applications with Gemini and Imagen** (Google Cloud)
- **Develop GenAI Apps with Gemini and Streamlit** (Google Cloud)
- **Explore Generative AI with Vertex AI Gemini API** (Google Cloud)
- **Inspect Rich Documents with Gemini Multimodality & Multimodal RAG** (Google Cloud)
- **Prompt Design in Vertex AI** (Google Cloud)
- **Introduction to Prompt Engineering** (Simplilearn)
- **Introduction to Figma** (Simplilearn)
